Conservative Member Announces Resignation Just  
Before Senate Group Votes on Judicial Bill, Suth-  
erland May Retire Before Opening of Fall Term

WASHINGTON, May 15.—Justice Van Devanter, conservative member of the Supreme Court, today announced his resignation just before the Senate group votes on the judicial bill, which would provide for the retirement of Justices at the age of 70.

Justice Van Devanter, 68, is the only member of the Supreme Court who is a native-born American. He was born in Marion, Ohio, and graduated from the University of Michigan in 1890.

He has served on the Supreme Court since 1911, and is known for his conservative views. His resignation would leave a vacancy on the Court that would need to be filled by President Hoover.

# ADDISON'S DISEASE FATAL TO WOMAN

Cardington Resident Dies from  
Rare Ailment After Illness  
of Two Years

ST. CATHARINE, N. Y., May 13.—A woman who had been suffering from Addison's disease for two years died here today. The woman, who was 45 years of age, was a native of Ohio and had been a resident of Cardington for several years. She had been in poor health for some time and had been in the hospital for several weeks. Her death was a great loss to her family.

## ADDISON MISSIONARY GROUP ASSEMBLES

The Addison Missionary group assembled for their regular meeting at the home of Mrs. J. W. Smith, 1234 Main St., last evening. The group was composed of members from the local church and several visitors. The meeting was held in a room which had been decorated with flowers and bunting. The program consisted of a prayer service, a reading of the scriptures, and a collection for the support of the group. The meeting was well attended and a fine time was enjoyed by all present.

Spring is in the air and Spring in Marion is a  
wonderful time of the year. Put the family in  
the car and get out into the country. Get off  
the main highway and take some of the back  
roads where you can see and feel the com-  
ing of new life to the trees, flowers and  
flowers.

Stop at a friendly farmer's home and let the  
youngsters see the new calves, new lambs, new  
cows—new life has come and is in all things.  
Go to the farm and see the best of the coun-  
try and enjoy the beauty of Spring in our  
part of the State.

And then come back home. Put the family in  
the car and enjoy a new home. There is a thrill in  
open country and a new home and a new life.  
A home of which you are proud.

## You Can Afford to Retire

A sum that seems trifling today can be the beginning of a fund which will provide a comfortable retirement income in the years ahead. A life income for the old man you will be some day need not cost the young man you are any more than a few cents a day.

Gives New Comfort Thrill!

NO OTHER AIR-CONDITIONING SYSTEM HAS THIS GRAND TOTAL OF ADVANTAGES:

1. RADIANT HEAT. Personal warmth at foot level.
2. HUMIDIFICATION. Moisture for the atmosphere.
3. CIRCULATION. Fresh air from floor, ceiling, walls.
4. AIR-CLEANING. Filters out dust, germs, pollen.
5. VENTILATION. Fresh air without outside plants.
6. SILENCE. Radiators always dependable.
7. COMFORT. No hot water. Just radiant heat.
8. DURABLE. No moving parts.
9. SUPERB. No other system.

You're due for a new experience! Exacting new improvements have revolutionized all previous comfort standards! New sun-like radiators warm the air, and more important, warm YOU at the living level with sun-like Radiant Heat—identical with heat rays from the sun! Now mightiest chamberlain maintain air temperature uniform within a fraction of one degree—and give Radiant Heat consistently! Completely eliminating the daily period just before ordinary electric heat warms the living room.

MODERN HEATING IS RADIANT HEATING! You need radiant air, and Sun-like Radiant Heat is the greatest comfort. New Radiators give you both!

(Continued from Page Six)

have poured in a congealed mass of water. No matter how much the government spends, economists seem to agree that inflation is long as taxes pay the cost. Such a policy would be a series of other financial questions. The government has been doing so for years. The government has been doing so for years. The government has been doing so for years.

## Its Principle of Operation Means Better Performance

Greater efficiency—more economy is assured in a Servel Electrolux gas refrigerator because its operating principle is entirely different from any other automatic refrigerator. A tiny gas flame does the work of all moving parts, silently cooling the cabinet, freezing an abundance of sparkling ice cubes and delicious desserts. And, there's never a moving part to wear out or make a noise.

Before you purchase any refrigerator, you owe it to yourself to investigate the famous gas refrigerator. See the 1937 models at The Gas Company. Find out how you can install an Electrolux now and pay for it out of the savings it will make for you.

**ABSOLUTE SILENCE**  
This tiny gas burner silently operates the gas refrigerator—replaces all machinery

**NO MOVING PARTS**  
No moving parts to wear out or require replacement in the gas refrigerator.

**GREATER ECONOMY**  
A Servel Electrolux operates for an average cost of 2 cents a day, using natural gas.
